Evaluation Process:

We want to make your evaluation go smoothly and start your experience at Diamond Creek off on the right paw. During the evaluation we will also perform a thorough wellness check on your pet to establish a baseline of their physical appearance.

We also ask that you bring a copy of your dog's most recent vaccination history that we may keep on file for future reference. Your vet may fax this information to us at 860-491-3906 prior to your scheduled evaluation or you can email, snail mail or drop it off in person.

Please contact our office to schedule your appointment for your dog's evaluation which will take approximately 30 minutes. Please do not leave until you speak with the evaluator. Dogs approved will be welcome to stay for the day. At the end of the day, you will receive a summary of the evaluation.
